

COUGAR DOME CHATTER

François Giguère

Ensuring continuous activities in the community

Summer season is about to begin and the Cougar Dome staff is preparing actively for the upcoming programs that will go on in a couple of weeks. New exciting things are coming up in our community.

Joining forces in partnership with the Truro Tennis Club

The tennis season will be great this summer! Family and kids will be able to play and practice their favorite sport outside and inside. After assessing the needs of the Cougar Dome and TTC, we reach an essential agreement to maximize the host capacity for both facilities. In that regard, all our regular programs such as Junior Lessons and Adult Lessons will be held at TTC and Cougar Dome will be there open in case of bad weather to help TTC in their own structure of activities. So guaranteed programs and no catch up date! What a good way to plan your summer!

In addition, an all-new designed Tennis Summer Camp will begin on July 4th at TTC. It will be an excellent location for the kids providing opportunities to enjoy not only tennis but all other organized games, crafts, water play, swimming and more! The environment is spectacular just near by the famous Victoria Park!

Our elite players from the Atlantic Canada Tennis Academy will be on the cloud literally! Not only they will be trained outdoor this summer but, in July, the TTC will host the most important tournament of the season: The Atlantic Outdoor Junior Championship. A dedicated volunteer TTC committee is currently working very hard with our partner Tennis Nova Scotia to present a wonderful experience for the competitors. Talking of partnership with Cougar Dome, Holiday Inn in Truro will be the official hotel for the competition and of course we will be there if Mother Nature decides to not cooperate!

Your tennis director will be active this summer too. I will be on the court to help our team of dedicated pros and coach juniors and adults.

And at the Cougar Dome...

Our campers will be happy to know that our All Sports Camp will take place in our facility. What to expect: variety of sports and activities for every child in a secure and fun environment. Our turf and tennis court will be their playground. Like the Tennis Summer Camp, there will be organized games and crafts. Another exciting 7 weeks of physical activities at the Dome!

And yes, we will be open this summer for our members, family who wants to play and enjoy activities in our facility or organize a birthday party! A new fee structure have been put in place to promote a healthy life style, so come in from 9:00 to 5:00pm Monday to Friday!

And See you on the Tennis Courts!

Our current session of activities ends July 2nd, so it's the perfect time to register for the summer season. I hope to see you at the Cougar Dome sometime and am looking forward to the next Edition!

François Giguère is the Facility Manager and Tennis Director at the Cougar Dome
